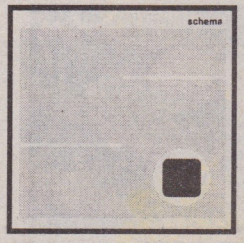
GER 009
GODZIK PINK -
"Es Em, Ekel Em"
CD

This new generation of musicians geared toward the collective approach of music-making create a compelling mix of sounds that bring to mind *Trout Mask Replica*-era BEEFHEART-isms. The songs are drier jazzy compositions that will rarely torture you. Recorded with Vern and Justin of UNWOUND.

GER 010
WITCHY POO -
"Public Works"
CD

A collection of **WITCHY POO** singles, compilation tracks and unreleased hits. A monstrous itchy quilt of intelligent songwriting and painful headaches. As virtually all its incarnations are represented on this album, the roster reads like a Vietnam War memorial of Olympia's musical history.

GER 011
SCHEMA -
"Schema"
LP/CD



S C H E M A is the members of HOVERCRAFT (Campbell, Sadie, Ric) with the addition of Mary Hansen of STEREOLAB. Recorded in the summer of 1999 at Robert Lang Studios in Seattle and later remixed at Avast Recording in Seattle. Engineering assistance from Aaron Warner and Kip Beelman.

ADELINE RECORDS

Adeline Records: while not exactly a soup dish, this dish can bring something like the same cozy comfort to the young or ailing.

*Family owned and operated since 1997

ADELINE 007

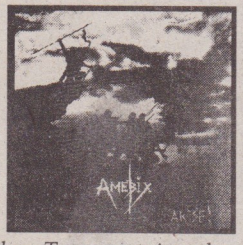
ADELINE 010
FETISH -
"Silver"
LP/CD

Contains some of the most rocking, original material to come out of the Bay area in years. "Paint You A Picture" is one of the most hauntingly beautiful songs to come out of this post-punk era - or any other era, while "Knee High" is as raw as it gets. Not content to fit into any stale molds.

The pursuit of individuality and liberation through artistic creativity and diversity. A wish to swim against the tide, amongst the sharks, bathed in chum. Giving art a bad name since 1979.

VIRUS 243
AMEBIX -
"Arise Plus Two"
LP/CD 12X



Arise! Plus Two contains the original 9 songs from the out of print *Arise!* plus 2 songs that were previously never released. **AMEBIX** were far ahead of their time playing slow, moody, Venom-esque, heavy punk rock. Bands, such as SEPULTURA, NEUROSIS and WINTER, cite them as influences. Liner notes by Pushead!

VIRUS 244
FALSE PROPHETS -
"Blind Roaches And Fat Vultures: Phantasmagorical Beasts Of The

Critics compare them to DEAD KENNEDYS.

VIRUS 247
SLIM CESSNA'S AUTO CLUB -

LP/CD

Soaked in country, hillbilly and western with banjo, fiddle, pedal-steel guitar, keyboard, bass, harmonium, auto harp, accordion....and **SLIM**'s signature yodel falsetto vocals. Tales of luv, Satan, whiskey, drivin', Jesus, smokin', .44's, God, wine, The Lord, feelin' blue, gin.

VIRUS 248

LP DBL/CD 8X

NOMEANSNO define post-modernist hardcore - intelligent, articulate, studied, thoughtful, violent, passionate, intense, playful - acclaimed by their peers, adored by their fans. *No One* is their 9th studio album and in typical fashion it is a monster. Nine songs in a whopping 75 minutes.

VIRUS 249

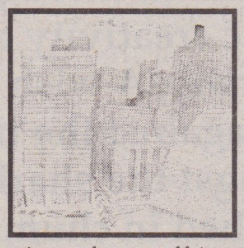
Re-recoring of their 1983 first album, *Crucificados Pelo Sistema*, boosting the energy level and sound quality. Mixed by Billy Anderson. Plus 2 songs from *D.E.P.*, and a cover version from the pioneers of the punk rock in Portugal AQUIDELROCK. CD has a bonus track of the original album!

VIRUS 250
NO W.T.O. COMBO-
"Live From The Battle In Seattle"
LP/CD

On December 1st, 1999 JELLO BIAFRA, Krist Novoselic, Kim Thayil and Gina Mainwal performed a one-off protest concert against the World Trade Organization at The Showbox in Seattle. History, insurrection and tear gas was in the air, as hundreds of fans and weary protesters defied police curfew.

VIRUS 251
WESLEY WILLS -
"Rush Hour"
LP/CD



Rush Hour is surely one of his most eclectic albums: Wes uses alternating tempos, spooky intros, fake live sounds and, as always, plenty of lyrical originality. This is **WESLEY** at his most abstract and stunningly original.

VIRUS 252
VARIOUS ARTISTS -
"The Ecstasy Of The Agony"
CD

More than 27 tracks maxing out the CD length at around 78 minutes from the current roster of Alternative Tentacles punk, noise, demented pop, country and downright odd rock artists. And it's at the cheap-o price that will retail for $5.99! 11 previously un-released tracks (plus 19 tracks that were previously released).

VIRUS 260
JELLO BIAFRA -

SKIP 85

LP/CD

Tokyo´s Kings Of Garage Punkrock debut 19-song LP/17-song CD! A super-lo-fi blast of revved-up, roaring garage punk that tips its cap equally to power-pop punk predecessors (THE REAL KIDS) and to the more mid-60s garage-punk-oriented punk pioneers (SAINTS, DMZ, etc), coming up with a great combination of punk and pop.

DM BOB & THE DEFICITS -
"Mexico Americano"
7"

"Mexico Americano" is a rollicking accordian-driven foot-tappin´ tex-mex ditty that will surely send you into high spirits (or at least drinking said spirits). The non-LP B-side "Bandido Mexicano" is a rather epic Western-style desert wind breather, appearing in Sergio Leone's new porn western.

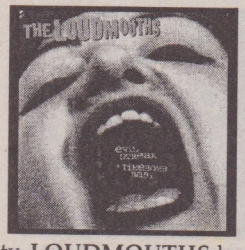
"Split 7""
7" split



The snotty **LOUDMOUTHS** have teamed up with the obnoxious **VALENTINE KILLERS** to create one of the drunkest split 7" since THE MOTARDS/CRYIN' OUT LOUDS 7". Booze-soaked punk that taps into the energy of early-'80s hardcore, and leaves behind a trail of blown ears and broken bottles.

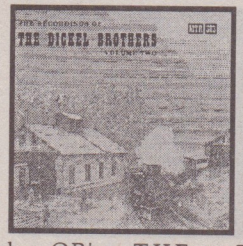
THE DICKEL BROTHERS -
"Volume 2"
LP/CD



Portland, OR's **THE DICKEL BROTHERS** explore the vital legacy of American rural string band music. Acoustic folk music derived from America's economically depressed hill and river communities of the '20s and '30s with a heart-sprung sincerity.

MTR 384
THE WEIRD LOVEMAKERS -
"Live: Bigger Than A Cookie, Better Than A Cake"
CD

Recorded live at the Breakroom in Seattle this features a full set of broken strings, inane banter & stupid cover songs, all captured pretty much by mistake (really) on Jason's 30th birthday. If they sound really drunk, they are (and you can blame THE KENT 3). If anyone sounds stoned, I think that it's probably STEEL WOOL's fault.

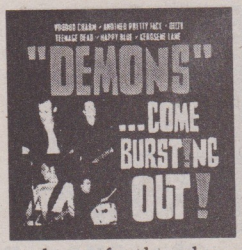
"DEMONS" -
"Come Burst!ng Out!"
12"/CD EP



1x

This record perfectly showcases the **"DEMONS"** recorded at the famous Sunlight Studio with Tomas Skogsberg (HELLACOPTERS,GLUECIFER)producing. It hasn't gotten a single bad review and will satisfy anyone interested in real rock and roll. The sound is explosive. The songs are desperate and drenched in attitude.

RPM 014
THE HYPNOMEN -

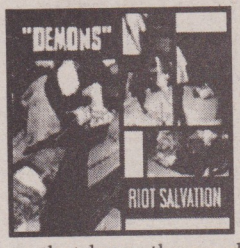
From Helsinki, Finland **THE HYPNOMEN** are best described as a massive, dance floor filling, organ-grinding rock ën soul extravaganza! Hi-energy rock'n'roll meets mind expanding mood music-you gotta hear it to believe it!

RPM 016
RED PLANET -
"Revolution 33"
LP/CD

Think BIG STAR, CHEAP TRICK, early CARS, but think BUZZCOCKS, UNDERTONES, ONLY ONES and THE REAL KIDS, too. We really can't imagine anybody with a sense of rock and roll history not digging this band. Their live show is never to be missed, it's a memorable explosion of pure rock and roll energy.

RPM 017
"DEMONS" -
"Riot Salvation"
LP/CD

1+



For anyone that loves the good stuff and (DICTATORS, NEW YORK DOLLS, DAMNED) lives for records like this to be released; unfortunately they rarely are. Like THE NEW BOMB TURKS *Destroy Oh Boy* or THE DEVIL DOGS *Saturday Night Fever* before it, each track is destined to become classic.

Since 1992 Gern Blandsten Records has been releasing fine musical products for the socially unaccepted.

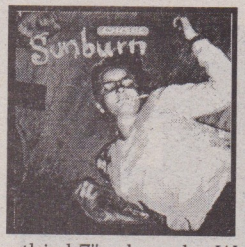
GERN 009
NATIVE NOD -
"Bread"
7"

The second 7" from these New Jersey youngsters proves not to be a sophomore slump. They draw from the MOSS ICON/HATED school of song structure to put together this three song masterpiece. All this at an average age of 16. Members went on to be in THE VAN PELT, THE LAPSE and THE HOLY CHILDHOOD.

GERN 010
GARDEN VARIETY -
"Garden Variety"
LP/CD

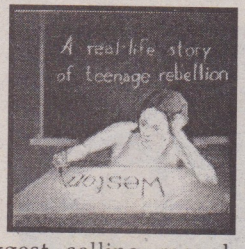
This debut full length proves that there are still people listening to bands like MOVING TARETS, SKUNK and THE REPLACEMENTS. This Long Island 3-piece uses these influences as a base for their own original song structuring and excellent musicianship. The CD also contains their first 7".

GERN 012
CHISEL -
"Sunburn"
7"



This is the third 7" release by Washington, DC based **CHISEL**, their first on Gern Blandsten. The three songs on this record made a quick impression in both the punk and indie worlds, showcasing **CHISEL**'s ability to combine songwriting and hooks with emotion and an oftentimes manic energy.

GERN 013
WESTON -
"A Real Life Story Of Teenage Rebellion"
LP/CD



The biggest selling record on Gern Blandsten is still getting bigger. **WESTON** has toured so many times with every big band imaginable (BOUNCING SOULS, YOUTH BRIGADE, AVAIL, etc.) and they just keep getting bigger. Heavy doses of pop punk mixed with small doses of bands like THE ONLY ONES and NILS.

GERN 014
RORSCHACH -
"Autopsy"
CD

31 songs & 71 minutes of head pounding hardcore. Two LPs, a 7", two split 7"s and some compilation tracks make up the discography of what has become a most influential band in the hardcore/metalcore community.

GERN 016
MEREL -
"Discography"
CD

A 7", a LP, a split 7" and some comp tracks make up the 16 song discography of this early '90s hardcore outfit. Some say they were the forerunners of a musical style, others say NATION OF ULYSSES mixed with some NEOS. Members went on to form RYE COALITION.

GERN 017
1.6 BAND -
"Broke Up"
CD

2 7"s, an LP (recorded by WHARTON TIERS, whose previous work includes SONIC YOUTH and BORN AGAINST) and some comp tracks. **1.6 BAND** were the definition of "precise hardcore." Mix DAG NASTY and VICTIMS FAMILY and throw in the singer from legendary NY Hardcore outfit BEYOND.

GERN 018
RYE COALITION -
"New Sheriff In Town"
7"

A follow up to their split LP with K Records KARP on Troubleman Records the debut 7" by **RYE COALITION** beats the crap out of their listener and leaves them for dead, and all the time with a great sense of humor. For fans of SCRATCH ACID and SHELLAC.

GERN 019
CHISEL -
"Nothing New"
LP/CD

This eight song EP is the bridge that connects the band's early, more frantic years with the song writing powerhouse they were later. Classics tracks established them as forerunners of the most recent mod revival, pleasing punks, mods, emo kids, indie rockers and everything in between. CD contains the *Sunburn* 7" and live tracks.

GERN 020
WESTON -
"Teenage Love Affair"
7"

Pop punk, girls, love and a BON JOVI cover make up this three song single by Pennsylvania pop darlings **WESTON**.

GERN 021
CHISEL -
"8AM All Day"
LP/CS/CD

With their direction firmly set, **CHISEL** produced this 14 song classic that drew comparisons with greats of the poppier side of the pantheon, while, due in part to their honest lyrics and riotous live show, managing to retain the full support of their original punk following.

GERN 022
NATIVE NOD -
"Today Puberty, Tomorrow The World"
CD

All three 7"s and a comp track compile the existence of a band that some people have claimed were on the fore front of a musical style and started a fire under the asses of many future bands. All that and at the age of only 16. Members went on to do THE VAN PELT, THE LAPSE and THE HOLY CHILDHOOD.

GERN 023
WESTON -
"Spiltsville"
CD

If you only liked the **WESTON** songs on all those split 7"s, or you don't like turning a record over every three minutes or perhaps you don't even own a record player. We have made it simple by compiling all the **WESTON** songs from those four split 7"s, some comps and a cover song or two onto one simple to use CD.

GERN 024
NATIVE NOD -
"Lower G.I. Bleed"
7"

For the vinyl junkies, Gern Blandsten put these two songs on this limited to 2000 7". Two songs that were written before the *Bread* 7", but recorded after it. This pioneer young emo band spawned members of THE VAN PELT, THE LAPSE and THE HOLY CHILDHOOD.

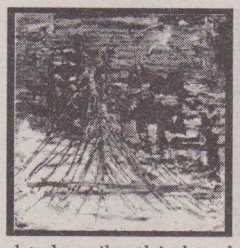
GERN 025
THE VAN PELT -
"Stealing From Our Favorite Thieves"
LP/CD

Following the demise of two highly influential New Jersey punk rock bands, NATIVE NOD's singer guitar player Chris Leo and GREYHOUSE drummer Neil O'Brien decided to put together THE VAN PELT. THE VAN PELT, a thinking man's VAN HALEN or a punk rock VAN MORRISON?

GERN 026
THE WORLD/INFERNO FRIENDSHIP SOCIETY -
"Models And Mannequins"
7"

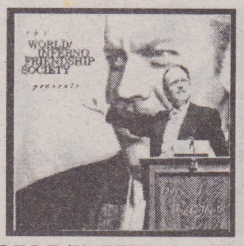
The sounds of **THE INFERNO** are manic, articulate, insistent, and is in NO WAY "rock and roll." The music is ringing, putting traditional instruments into predicaments you never expected they would be in. How will the piano keep up with that time signature? Is that a banjo tuned like a sitar or a broken auto-harp?

GERN 027
ALL NATURAL LEMON & LIME FLAVORS -
"All Natural Lemon & Lime Flavors"
7"



Some might describe this band as a cross between MY BLOODY VALENTINE and STEREOLAB. Varying parts head music, indie, space rock, new wave, post rrrrrr, these are essentially rhythmic songs which do not need to rely on distortion and a myriad of pedals to create an energetic and mesmerizing effect.

GERN 028
THE WORLD/INFERNO FRIENDSHIP SOCIETY -
"Our Candidate"
7"

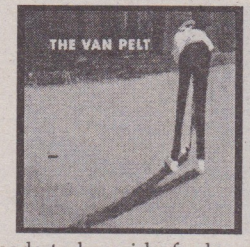


THE WORLD/INFERNO FRIENDSHIP SOCIETY is here to remind you that Hitler was elected, Democracy breeds bad taste and that no matter who wins, voting makes you complicit in your own chumpdom. Understand? No? All right then, bring on the marching band.

GERN 029
RYE COALITION -
"Hee Saw Dhuh Kaet "
LP/CD

A glorious result of a rather misspent adolescence which kept **RYE COALITION** on the road and out of school, where they learned to drink, smoke, be irresponsible and avoid getting any type of decent job. Think JESUS LIZARD/BIRTHDAY PARTY/LED ZEPPELIN!!!

GERN 030
VAN PELT -
"Sultans Of Sentiment"
LP/CD



What needs to be said of a band that was begun with former members of NATIVE NOD, GREYHOUSE and BLONDE REDHEAD and since it's demise has had members play in JETS TO BRAZIL, THE LAPSE, and BUTTERFLIES OF LOVE? Well I guess only time will tell, but **THE VAN PELT** made its mark.

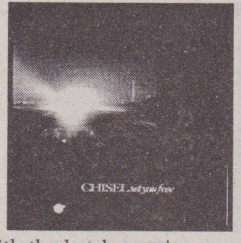
GERN 031
CHISEL -
"The Guns Of Meridian Hill"
7"

Sounding not unlike THE IMPRESSIONS or THE SMALL FACES, with its heart stopping organ riffage and straight—up soul vocals. It's a triumph of sorts, for them and their aesthetic, where in the soul learned from Steve Marriot and Curtis Mayfield, finds communion with legendary punk.

GERN 032
IMPOSSIBLE FIVE -
"Eleven Hours In Antwerp"
LP/CD

A healthy concoction of varied influences makes these DC adolescents such a pleasant surprise. Bits of early CURE, RITES OF SPRING, spy music and lounge are all thrown into the mix. The end result is a debut effort that's so strong you'll be scratching your head wondering why you hadn't heard of these guys yet.

GERN 033
CHISEL -
"Set You Free"
LP/CD



Laden with the hooks you've come to expect from **CHISEL**, but a more complete artistic statement, and a more challenging album than the punk/indie world had seen in a long time. 17 songs!

GERN 035
THE WORLD/INFERNO FRIENDSHIP SOCIETY -
"The True Story Of The Bridgewater Astral League"
LP/CD

THE INFERNO teams up with the Squatter Repetory Theatre Collective of Asheville, North Carolina to write and produce this music. Eight songs plus dialog clips tell the story of an astrally projecting youth crime gang operating out of Central New Jersey during the Reagan administration.

GERN 036
ALL NATURAL LEMON & LIME FLAVORS -
"Turning Into Small"
LP/CD

Varying parts head music, indie, space rock, new wave, post shoegaze, these are essentially rhythmic songs which do not need to rely on distortion and a myriad of pedals to create an energetic and mesmerizing effect. Members are now forging ahead in JETT BRANDO and THENTEN.

GERN 037
THE LAPSE -
"Betrayal!"
LP/CD

Chris Leo (NATIVE NOD) and Toko Yasuda (BLONDE REDHEAD) of THE VAN PELT create a different and unique voice. Utilizing the talents of Dave Leto (RYE COALITION), the pretty, lush sounds associated with THE VAN PELT don't appear much until the end of the album.

GERN 038
DALEK -
"Negro, Necros, Nekros"
LP/CD

DALEK offers an alternative by creating a medium of interaction never before experienced, fusing the sounds of groups like FAUST or VELVET UNDERGROUND with the raw energy of ERIC B. & RAKIM. **DALEK** challenges those content with simply head nodding to listen, and be moved.

GERN 039
COMPUTER COUGAR -
"Computer Cougar"
7"

Straying from their previous efforts (RORSCHACH, BORN AGAINST, RADIO TO SATURN, GREYHOUSE) **COMPUTER COUGAR** has set its sights on music that has passed the test of time as a means of influence (THE CLASH, THE POP GROUP, MINUTEMEN, BIG BOYS, THE SOFT BOYS).

GERN 040
RYE COALITION -
"The Lipstick Game"
LP/CD

Rock. That's all that really needs to be said, but for the uninformed I'll dig a little deeper. It's from the hips, dirty sex, LED ZEPPELIN, rolling bass, sharp ear bleeding guitars, BIRTHDAY PARTY (not like a party for you, but the band called the B-DAY PARTY) and low guttural animal like all come to mind.

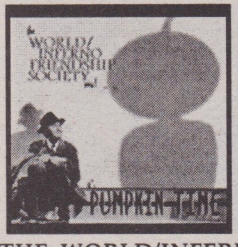
GERN 041
TEJ LEO/RX PHARMACISTS -
"Tej Leo/Rx Pharmacists"
LP/CD

TED LEO (CHISEL, THE SIN-EATERS, SPINANES) wrote and recorded a 19 song, hour-long symphony of melody and noise. Picking up where CHISEL left off, **TED** goes further into stretching the boundaries of a hook, obscuring it without letting go of it and produces a record that somehow maintains a cohesiveness.

GERN 042
RADIO 4 -
"Radio 4"
7"

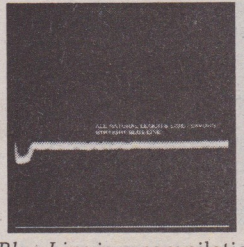
By far the best re-invention of late '70s-early '80s pop-rock-punk. Their music is MISSION OF BURMA-ish, THE REPLACEMENTS-ish, THE STRANGLERS -ish, CURE-ish as well as totally now sounding. Impressive to say the least. Former members of GARDEN VARIETY, MILHOUSE and SLEEPASAURUS.

GERN 043
THE WORLD/INFERNO FRIENDSHIP SOCIETY -
"It's Pumpkin Time"
7"



What Is **THE WORLD/INFERNO?** They are your friends! They are your band! With ten standing members playing any range of beautiful instruments, the odds are that you will be able to relate to at least one of them! They do this to make you happy! Popular music needs a deity and that deity is the Great Pumpkin!

GERN 044
ALL NATURAL LEMON & LIME FLAVORS -
"Straight Blue Line"
CD

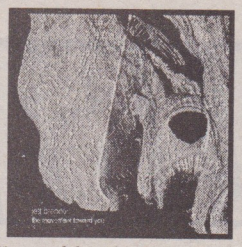


Straight Blue Line is a compilation of their 3 7"s and a few extra tracks, building lush soundscapes, ambient noise, and beautiful vocal melody, **THE FLAVORS** were ofttimes compared to MY BLOODY VALENTINE, STEREOLAB, PRAM, and other such groundbreaking shoegazer type bands.

GERN 045
THE WORLD/INFERNO FRIENDSHIP SOCIETY -
"East Coast Super Sound Punk Of Today"
CD

CD collection of the group's four well-received vinyl EPs. The thirteen musicians of **THE WORLD/INFERNO FRIENDSHIP SOCIETY** are all very physically attractive and photograph well. They also possess great personal charm and are well connected in the entertainment field.

GERN 046
JETT BRANDO -
"The Movement Toward You"
LP/CD

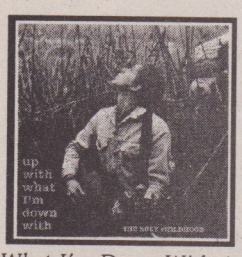


An intelligent blend of timeless pop and **BRANDO**'s bold move to perform "remixed" versions of the album's songs live by incorporating "sampling" into the group, while straying away from the tired cliches of modern electronica.

GERN 047
RADIO 4 -
"The New Song And Dance"
LP/CD

RADIO 4 takes cues from the late '70s early '80s post punk scene (AU PAIRS, GANG OF FOUR, MISSION OF BURMA, THE CURE) and combines it with a modern dose of inspiration and style. The music is edgy, melodic and danceable all at once. Produced by Tim O'Heir (SEBADOH, BUFFALO TOM, J. MASCIS).

GERN 048
HOLY CHILDHOOD -
"Up With What I'm Down With"
LP/CD



Up With What I'm Down With, indeed. This debut LP is brimming with what's been brewing in this amoebic ensemble's collective cauldron. They explode the grid with the guilty liberty of Scrabble veterans indulging in an afternoon of Upwords. These songs exalt their own bottoming out like the blues and raise you up like a 'lude.

KRS 355
MIKE "SPORT" MURPHY -
"Magic Beans"
CD

An excess of instrumental colors (moog, Chinese instruments, found tapes, quasi-orchestral arrangements, toys and kitchen implements) and sonic density is employed, with musical "taste" and contemporary trends gleefully ignored at every step. Full of solipsism, pretentiousness and self-indulgence.

KRS 357
BONFIRE MADIGAN -
"Saddle The Bridge"
CD

With this sophomore release **BONFIRE MADIGAN** is revolutionizing the way contemporary music hears the string section and the female vocalist/lyricist. The **BMAD** sound is beautiful abandon, dynamic and cinematic. Words used frequently to describe their performances are passionate, virtuosic, unrivaled...

"Jean Smith"
CD
